

ASP.NET MVC Core Interview Questions EBook

www.questpond.com

Defining preparation scope	3
What is ASP.NET MVC Core ?.....	3
Can you explain the difference between MVC core vs MVC 5 vs Webforms?	3
Can you explain MVC Architecture?.....	4
Where do we store configuration in ASP.NET Core ?	4
How can we read configuration file in ASP.NET Core ?	4
What is dependency injection?.....	5
Why do we need dependency injection?	5
How to implement dependency injection?	5
Explain the concept of middleware?	5
How to implement middleware in MVC Core ?	5
Explain the importance of Startup.cs file in ASP.NET Core ?	5
Explain the various way of doing DI in MVC?	5
What are the various ways of doing session management in ASP.Net Core ?	6
ConfigureServices vs Configure method ?	6
Explain Razor pages ?	6
How can we pass model data to the view ?.....	6
What is a strongly typed view ?	6
Explain the concept of viewModel ?.....	6
Explain kestrel web server ?	7
Why kestrel web server when we have IIS ?	7
Explain concept of reverse proxy ?.....	7
What are cookies ?	7
What is the need session management ?	7
What are the various ways of doing Session management in ASP.NET ?	7
What exactly is a session ?.....	7

Explain "HTTP is a stateless protocol" ?	8
What are various way of doing session management ?.....	8
Are sessions enabled by default ?	8
How to enable sessions in MVC core ?	8
Are sessions variables shared(global) between users ?.....	8
Do session variables use cookies ?.....	8
What is a cookie ?	8
Explain idle time out in sessions ?	8
What does a Context means in HTTP ?	8
When should we use viewdata ?	8
How to pass data from controller to view ?	9
In same request can viewdata persist across actions ?.....	9
ViewBag vs ViewData ?	9
How does ViewBag work internally ?	9
Explain viewModels ?.....	9
ViewBag vs ViewModel Whats the best practice ?	9
Explain tempdata ?.....	9
Can tempdata persist across action redirects ?.....	9
How is tempdata different from viewdata ?.....	9
If tempdata is read is it available for next request ?.....	9
How to persist tempdata ?.....	9
What does Keep do in tempdata ?.....	9
Explain Peek in tempdata ?	10
How is tempdata different from session variables ?	10
If i restart the server does tempdata,session stay ?.....	10
Is tempdata private to a user ?.....	10
ViewData vs ViewBag vs Tempdata vs Session variables	10
What is WebAPI ?.....	10
What is the advantage of WebAPI ?	10
Explain REST and Architectural constraints of REST?	10
Can we use UDP/TCP/IP protocol with Web API?	11
How WebAPI different from MVC controller ?.....	11
What is content negotiations in Web API ?	11
WebAPI vs WCF ?.....	11
WCF REST vs WebAPI REST ?	11
How to return HTTP status codes ?	11
For error which status code is returned ?	11

How did you secure your web API ?	11
How do current JS frameworks work with webAPI ?.....	11
Further questions for self learning.	12
